SUMMARY

A dedicated and detail-oriented Java Developer with 2.3 years of experience in developing and maintaining scalable applications using Java, Spring Boot, Hibernate, and SQL. Proficient in building RESTful APIs and integrating backend systems for seamless performance. Strong problem-solving skills with proven success in optimizing microservices, enhancing server performance, and collaborating with cross-functional teams to deliver business-aligned solution.

PROFESSIONAL EXPERIENCE

Wipro - Project Engineer   May 2022 – Aug 2024
NSE India Ltd.   Mumbai

- Designed and tested **REST APIs** using **Spring Boot** and **Swagger**, integrated backend systems for business functions.
- Implemented SQL queries for efficient data retrieval and manipulation, ensuring seamless user experience.
- Developed a **Ticker Notification API** to display real-time popup messages using event-driven design patterns.
- Built and tested backend services with **Postman**.
- Used **Bitbucket** for version control and participated in code reviews, ensuring adherence to clean code practices.
- Worked on optimizing overall efficiency of **Micro-services** to improve performance and reliability.
- Used debugging and profiling tools to diagnose and resolve issues quickly and efficiently.
- Gained hands-on experience with **Swagger** for API documentation.
- Conducted thorough requirement gathering sessions, resulting in **95% accuracy** in capturing client needs.

Wipro - Intern   Feb 2022 – Apr 2022

- Developed a capstone project on the Travel Domain which have different products services like hotels, flights, cars, etc.
- Developed and maintain the code using Java/J2EE technologies.

PROJECTS

Advisory Website (capitalgainfinancialsolution.in)   Aug 2024 – Sep 2024
Skills: HTML/CSS, JavaScript, Exception Handling

- Developed a user-friendly Investment Advisory website with intuitive navigation and dynamic interfaces using JavaScript. Implemented robust exception handling to ensure smooth user interactions and error prevention.

Digital Library (GFG Backend Development Program)   Mar 2025 – Apr 2025
Skills: Java, Spring Boot, Rest APIs, Lombok, PostgreSQL, Exception Handling, JUnit

- Developed a Digital Library Management system to handle book inventory, user accounts, and borrowing/return operations using Java, Spring Boot, and REST APIs. Integrated PostgreSQL for data storage, applied exception handling for robust flow control, and implemented unit testing with JUnit to ensure code reliability.

Book My Movie (GFG Backend Development Program)   Apr 2025 – May 2025
Skills: Java, Spring Boot, Rest APIs, Lombok, PostgreSQL, Exception Handling, Kafka

- Built a movie ticket booking system enabling users to search movies, view top-rated films by genre, and book show tickets across cities using Java, Spring Boot, and REST APIs. Integrated PostgreSQL for data storage and Kafka for sending real-time booking notifications to users.

Quiz Application   Sep 2024 – Oct 2024
Skills: Core Java, Spring Boot, MySQL, Exception Handling

- Developed a quiz app with Spring Boot, Spring Data JPA, MySQL, and Java, demonstrating mastery of Java, Spring Boot. Integrated relationships and REST APIs for seamless user quiz-taking, data storage, and score calculation.

SKILLS & ABILITIES

Languages: Core Java, Java Servlet, JSP, HTML/CSS, JavaScript, Data Structure
Databases: MySQL, PostgreSQL
Frameworks: Spring, Spring Boot, Micro-services, REST APIs, Maven, Junit, Kafka
Tools: Git, GitHub, Jira, Service Now, Postman, Elastic Search, VS Code, Eclipse, IntelliJ

EDUCATION

Bachelor of Technology – EEE   2018 – 2022
IES IPS Academy, Indore (CGPA: 8.3)

HSC - Adarsh Malwa School, Shajapur (69%)   2017 - 2018
